ESCOLA POLITÉCNICA DA UNIVERSIDADE DE PERNAMBUCO

Grading System and Credits of Escola Politécnica da Universidade de Pernambuco (POLI-UPE)

Code // Código

The code is a reference to the subjects in the SIG@, the academic grades and subjects internal electronic system of the UPE.

Credits // Créditos

The evaluation system of POLI-UPE is based on a particular Credit System, UPEC, that is equivalent to **15h per credit**. This credit only takes into consideration the lectures given in class by professors, and it does not consider homework, seminars, tutorials, fieldworks, etc.

Final Grade // Nota Final

The POLI-UPE grade system is numerical based, ranging from 0 to 10. A student is considered apt if their grades are above 5 after an additional final exam. The grade for immediate approval without a final exam is reached by achieving 7 in the normal exams. A student is considered excellent with grades above 9.

Final Grade // Nota Final	Outcome
9 to 10	Approved with excellence
7 to 9	Approved
5 to 7	Approved in final exam
0 to 5	Fail
